# About A Window Between Worlds

A Window Between Worlds is a 501(c)3 nonprofit based in Venice, CA that partners and collaborates with staff at over 200 shelters, outreach centers, schools, and other human service agencies across the country to provide art as a tool for healing and empowerment.

Countless children, women and men are affected by violence and trauma and AWBW's arts program is a proven resource for opening up communication and moving through the pain towards a brighter future. We offer trainings, stipends, curriculum, supplies and support in launching and sustaining arts programming where it is needed most.
