

# SAFE HOME

You are invited to explore what a safe home means to you. Using images, shapes, symbols, and words, use the space in and around the house to represent what your safe home looks, feels, sounds, smells, and even tastes like! Take time to think about your personal needs in your home as well as the needs of others who may live with you. There is no right or wrong way to create, just trust whatever comes out. When you're done, post your safe home in a common area as a reminder of your intentions and commitment. Any part of your safe home can be added to or changed at any time.
