

TURNING OVER A NEW MONEY LEAF

We can always begin a new money season and allow our true colors to shine. As we shed the colors of our money wounds, we are able to establish a healthy money relationship. In this workshop, you are invited to create one leaf to represent your money wounds, what you want to leave behind, and one to represent your new financial life. Using colors, words, shapes, and drawings, you can decorate the leaves below to represent your thoughts, needs, feelings and vision. There is no right or wrong way to create. When you're done, you can pause and think about what will support you as you turn over a new money leaf.
