

# Legacy Investment Opportunities

Supporting Generations of Healing

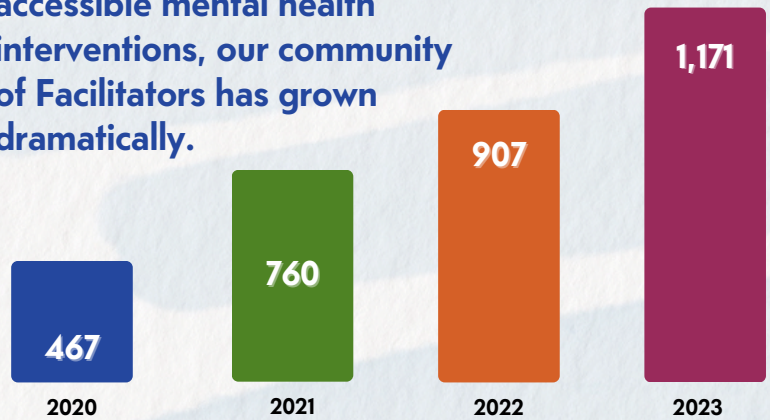

## Building Capacity and Leadership for the Future

A legacy investment in the Tomorrow Fund ensures that vital resources remain perpetually available for our Facilitators, empowering them to bring this essential work to their communities.

We have witnessed exponential growth in the number of Facilitators since 2020. This surge highlights an ever-increasing demand for expanding our facilitator network. By making a legacy gift, you are helping us meet this growing need and ensuring that AWWB's impactful programming continues to thrive and expand.

Due to increased demand for accessible mental health interventions, our community of Facilitators has grown dramatically.
